

In July 2025, G.T. (Ellen Yeung) College is officially accepted as a Full Member of the prestigious International Science Schools Network (ISSN). It represents a significant milestone in our ongoing journey to provide world-class, innovative and globally connected science and STEM education. Achieving Full Membership status within the ISSN is a testament to the dedication, passion, and excellence demonstrated by our school community.

International Science School Network is a globally respected community uniting leading schools dedicated to transforming science and STEM education. Full Membership signifies that G.T. (Ellen Yeung) College has met rigorous international standards, demonstrating

- i. Excellence in Science teaching & learning.
- ii. Innovation in Science and STEM education.
- iii. Fostering international perspectives and collaboration in Science and STEM.
- iv. Providing outstanding opportunities for students to explore, discover and excel.
- v. High student performances in Science and STEM.
- vi. Extensive community engagement to extend the passion for Science and STEM and its benefits to wider communities.

Becoming a Full Member unlocks incredible opportunities for our entire school community. Students, teachers and leaders of school will connect, collaborate and learn alongside peers and experts in top science school worldwide. Being part of a vibrant network, we will continuously be pushing the boundaries of what Science and STEM education can achieve.

Being recognized at the forefront of international science, we are humbled by this recognition and energized by all possibilities that lie ahead.
