The recent exchange visit from Invicta Grammar School (UK) to G.T. College was an outstanding success, fostering invaluable connections and cultural understanding. Our students eagerly welcomed their ten counterparts, and the week was meticulously planned to offer a rich blend of academic and social engagement.

Invicta students participated enthusiastically in our classes, collaborating on projects that sparked lively discussions and new perspectives. Beyond academics, a guided tour of our city, a visit to Disneyland, and a shared cultural performance created lasting memories. Our host families provided exceptional hospitality, offering a genuine taste of local life and strengthening bonds.

The seamless coordination and clear communication ensured a smooth experience for everyone. This exchange truly enriched our college community, broadening horizons and building international friendships. We highly recommend continuing and expanding this mutually beneficial partnership.

Never would I have imagined how vivid and heartwarming an international forum could be. Uniting people has never been a breeze but this forum brings it to life splendidly.

If you observe thoroughly, you will see how the RITS Super Global Forum (RSGF) committee meticulously manifest their dedication in the event. From hosting the grand and touching candle lighting ceremony, to coming through the memorable cultural experience and outing, the Japanese craftsmanship is vividly captured. The dancing orchestra, the powerful rock and roll, and the Taiko performance are puzzle pieces of this tremendous canvas. Not to mention are the tears of joy and the infinite applause echoing in everyone's heart.

The RSGF 2025 has united these young people from different nations together. Not only did they pledge to coexist peacefully, but they also tugged each other's heartstrings by searing this beautiful memory in everyone's mind.
